

Important information

Price adjustment to all Casambi products

CASAMBI

Dear valued customer,

as you are probably aware, the lead times and prices for many electronic components are constantly increasing.

The continued adverse circumstances are resulting in unreasonable effects on our operations. Therefore, Arditi / Casambi is forced to inform you in a short notice that there is an increase lead times and introduce a price adjustment to all Casambi products. For organizational reasons, the updated prices will apply to all new orders as of **January 1, 2022 instead of December 1, 2021**.

We work as quickly as possible to create new price lists for you.

You will receive this approximately in week 49.

In advance you can expect a price increase of 4€ per article.

Don't hesitate to contact us, if you have any questions.

We apologize for any inconvenience and thank you for your understanding.

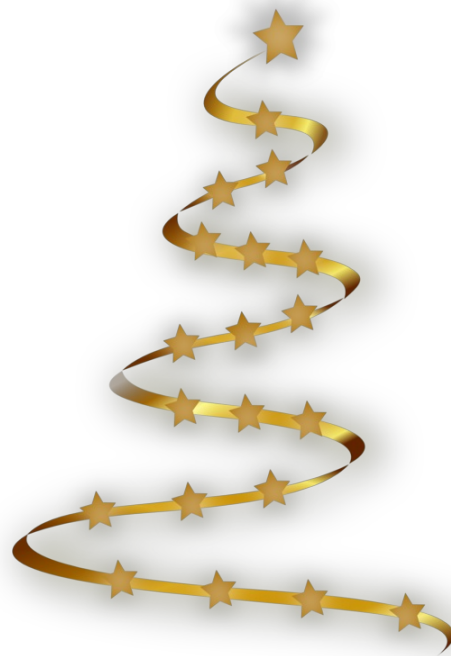

Andreas Hellwig ppa.
sales director

We are going into Christmas vacation...

We would also like to inform you that we will go on Christmas vacation between Christmas and New Year.

We will be closed from **18.12.2021** to **02.01.2022** and will be available again from **03.01.2022** as usual.

We wish you, your colleagues and your families a Merry Christmas and a good start into the new year!

New Product

Configurable Interface CASAMBI to DMX

Part no. 808899

to control luminaires or control gear with DMX signal input.
